VOYAGER RACE

HYDESAILS

GENOA

FOR CLUB & IRC RACING

THE VOYAGER RACE RANGE IS DESIGNED FOR THOSE WHO GO CRUISING BUT ALSO PARTICIPATE IN CLUB AND OFFSHORE RACES. THE RACE GENOA IS A TRI-RADIAL DESIGN IN EITHER HIGH QUALITY WOVEN DACRON, A CRUISING TAFFETA LAMINATE OR A PERFORMANCE RACING LAMINATE. THESE GENOAS CAN BE USED WITH OR WITHOUT A FURLING SYSTEM.

VOYAGER RACE SPECIFICATION

- SAIL NUMBERS
- 2 CAMBER STRIPES
- STAGGERED TELL TALES
- 3 FURLING MARKS ALONG THE FOOT AT 10% INTERVALS
- STAINLESS PRESSED CLEW RING WITH WEBBING STRAINERS
- WEBBING TACK AND HEAD LOOPS WITH INTERNAL LEATHER REINFORCEMENT
- LEECH LINE WITH ALLOY CLEAT & BACK UP EYELETS
- LOW STRETCH FOOT LINE WITH ALLOY CLEAT & BACK UP EYELETS
- 3 STEP ZIG ZAG STITCHING ON SEAMS
- LEATHER OR WEBBING ANTI-CHAFE PROTECTION AT ALL VULNERABLE POINTS
- UV PROTECTION STRIPS ON LEECH & FOOT (OPTIONAL EXTRA)
- FOAM LUFF INSERT (OPTIONAL EXTRA)
- SAIL BAG

VOYAGER RACE SAILCLOTH CHOICE

Challenge crimpless warp - the best woven Dacron for tri-radial sails.

Cruise Laminate - a durable laminate consisting of high modulus Polyester yarn and two layers of taffeta sandwiched between two layers of Polyester film.

Performance Laminate - a laminate of high modulus Kevlar or Pentex yarns and a single layer of taffeta sandwiched between two layers of Polyester film.
